

# DOUBLE BRAID POLYESTER

Manufactured from 100% polyester fibre, double braid polyester is constructed of a braided core and cover. This product provides the best combination of high strength, low elongation and abrasion resistance of any polyester rope available today.

## FEATURES

- Low elongation
- High UV resistance
- Excelent dielectric properties
- Easily spliced

## APPLICATIONS

- Purse line
- Slings
- Tow Ropes
- General utility

Standard lengths are 600ft, 1000ft, and 1200ft.

Please contact us for additional information including alternative colours or specifications.
