

# DINGHY BRAID

Manufactured with 100% high tenacity polyester our Dinghy Braids are made of a solid braid construction. This implies that the braided polyester cover sheaths several parallel strands of polyester in the core to build a cord which is high strength, low stretch and easy to handle. Available in several colours..

## FEATURES

- High Strength
- Abrasion Resistant
- Hard wearing
- Low stretch

## APPLICATIONS

- Dinghy Lines
- General Utility Line
- Accessory Cord

Standard lengths are 250ft (min. quantity of 10 reels), 500ft (min. quantity of 5 reels), and 1000ft. Dinghy Braid cord can be manufactured in a variety of colour combinations depending on your own needs.

Please contact us for additional information or specifications.
