

# SASH BRAID SPUN POLYESTER

Manufactured with a 100% Spun Polyester cover and core this product is an excellent alternative to cotton rope with higher weather and abrasion resistance. This product is excellent for manufacturing hammocks and as theatre rigging lines, drop and tie lines. One of the primary advantages of the sash braid are its handling and knotting characteristics.

## FEATURES

- high elongation
- Abrasion Resistant
- Hard wearing
- easy handling and knotting

## APPLICATIONS

- Tie Line
- Drop line
- Rigging Line
- Hammock Line

Standard lengths are 100ft, 250ft, 500ft and 1000ft. The Sash Braid Spun Polyester standard colours are black and white however, we can also manufacture the rope in blue, green or red on special request.

Please contact us for additional information or specifications.
