

SHOCK CORD

Manufactured with top quality latex rubber as its core, our shock cord is covered with high tenacity filament polyester, making it resistant to abrasion, petroleum products, mildew and marine growth. This product is ideal for use as tie downs and for tarpaulins, also of service to the sporting, camping equipment and boating industry.

FEATURES

- high elongation
- Abrasion Resistant
- Hard wearing

APPLICATIONS

- Tie down
- General Utility Bungy

Standard lengths are 250ft, 500ft, and 1000ft. Our shock cord is available in a black or white with black tracers. Hooks are also available, please see shock cord hooks page.

Please contact us for additional information including alternative colours or specifications.
